

Punitive Tax Penalizes Vehicle Choice

40%  TAX

The proposed tax for EVs would be 40% higher than average annual gas tax

50% 

EV sales are projected to make up 50% of all vehicle sales by 2030

SB28 and HB107

- Steep \$200 tax for EV owners, 40% more than gas vehicles¹
- Flat tax, regardless of usage or miles drive
- 50% of tourists exempt from road costs by 2030
- Places road maintenance burden solely on Florida residents

The right approach should be one that is balanced and based on how intensively our roads are used.
